All Silk Ribbons

We have been trying for some
time to get a low priced all-silk
Ribbon, but all that we have
seen have been too poor and
imperfect in quality. We have
succeeded in making such ar-
rangements with the manufac-
turer as to secure a large lot of
our regular brand.

Satin Gros Grain and Ribbons,
Which we will sell at the fol-
lowing prices as long as they
last. This is an all silk Ri-
bon, first class in every respect
and in all the new and desirable
shades. We are sure that it
will suit the public better than
a much inferior quality at a lit-
tle lower price.

Gossip Picked Up About the City of
Washington.

Morrison's Tariff Bill—Talk About
Adjournment—Patent Voting—
Doings in Congress—Resig-
nation of Comptroller Knox.

WASHINGTON CITY, April 7.—Is now ap-
parently to be generally understood that the
Morrison tariff bill will not be called up until
Tuesday of next week, although the tariff
question will come up earlier on Mr. Con-
gress's motion to suspend the rules and pass a
resolution on the tariff bill, to the effect that
the tariff bill shall be taken up on the first
Monday in March Mr. Converse was on the
floor for recognition for this motion, but
the house, on motion of Mr. Cox, of New
York, at the instance of Mr. Morrison, ad-
journed to avoid the issue, for which no other
side appeared ready. The Morrison motion
side are now ready to meet the issue on Mr.
Converse's motion, and that Morrison is
confident his measure will carry. The Re-
publican side are likewise ready, believing that
with the support of the Democracy which it
will have to their aid.

Congressional Summary.
WASHINGTON CITY, April 7.—In the senate
bills were reported for the erection of public
buildings at Dayton and Springfield, Ohio.
Bills were passed making it a felony to pre-
tend to be an officer or employee of the gov-
ernment, and to authorize the construction
of a railroad bridge across the St. Croix river.
After some debate on the education bill, an
amendment by Logan, appropriating \$15-
000,000 the first year and \$20,000,000 the
third year, was defeated. Another
amendment to set aside \$2,000,000
to aid in building school-houses in sparsely-
populated parts was lost. An amendment
was agreed to that the fund should be dis-
tributed regardless to race or color. Hour
then reported an amendment to commence
with \$700,000 per annum and give \$15-
000,000 the third year.

The house of representatives passed the
agricultural appropriation bill, with an
amendment increasing by \$20,000 the appro-
priation for the distribution of seeds and
plants. Amendments by this house to the
house bill making it a felony to personate a
government officer or employee were con-
sidered. In the question of forfeiting the
Oregon Central land grant was debated for
some time, without action.

A Valuable Invention for Statesmen.
WASHINGTON CITY, April 7.—There are
two rival inventors here striving to do their
country service by abridging time that is con-
sumed by the 365 representatives of the peo-
ple in recording their votes upon any pending
measure. They propose to do this by means
of an electrical voting machine. All the
members have to do is to touch a white but-
ton (yes) or a black one (nay) and the record is
made with the speed of lightning. A
month ago one of these gentlemen was in-
formed by one who was better posted in the
ways of the machine, that it was not so
simple as it seemed, and that it was not so
easy to do it, but very often "how not to
do it" since that time he has been devoting
his genius to meet this dilemma and has got
his machine so adjusted that it will run
itself, recording the time and the vote.
He feels confident he can double this time and so
arrange the machine as to require the pres-
ence of but half as many of the minority as
is required by the present system of voting.
His machine promises to be a success.

Resignation of Comptroller Knox.
WASHINGTON CITY, April 7.—John Jay
Knox has resigned his position as comptroller
of the treasury, except the presidency of
New York banking house. He entered the
bureau of which he afterward became chief
seventeen years ago as a minor official. He
was subsequently made deputy, and a dozen
years ago placed in charge. During his
career he has received numerous proposals for
private institutions at salaries three times that paid by
the government. He has postponed the consid-
eration of the subject lately in order that he
might be able to devote more time to the
currency who are investigating the failure
of the Pacific National bank of Boston, in
which he says he has no personal interest, and
his resignation will go into effect as soon as
the committee reports, which will be in a
few days.

Adjournment Gossip.
WASHINGTON CITY, April 7.—A few warm
days, which can be expected soon, would in-
crease the feeling of apprehensions of a late
day for final adjournment. A resolution to
adjourn early in June and a resolution to
move at 11 o'clock daily to the senate over
have been introduced and sent to the ways
and means committee where they are likely
to remain until warmed into life by the hot
days that are coming. In debate on the
floor a few days ago, the fact was stated that
although the house had been in session over
four months, not once during that time had
it gone to business on either of the general
calendars, yet business continued to come in
from the committees and of a necessity, to
these calendars—and sleep there generally.

One Dollar Went a Long Way.
WASHINGTON CITY, April 7.—Before the
senate investigating committee Repre-
sentative George D. Wise, of Virginia, testi-
fied that during the election in Richmond an
arrangement was made by the Coalitionists
through which about 400 negroes paid their
taxes with the same silver dollar.
The scheme being that when a negro entered
the district attorney's office a dollar would
be handed him, which would be paid in
withdrawal and handed to the next applicant.

Minister Hunt's Remains.
WASHINGTON CITY, April 7.—The re-
mains of ex-Secretary Hunt, our late minis-
ter to St. Petersburg, have arrived here.
Arrangements being made for the funeral
which will take place at St. John's church
here.

Notes.
WASHINGTON CITY, April 7.—Mr. Hale
is confident that the senate committee's
amendment to the naval appropriation bill
will be agreed to by the senate. If they should
be ordered the result will be an exciting
time later in conference committee and a
protracted wrangle about questions of naval
policy.

The Springer committee has practically
concluded to dismiss the charges preferred
against Governor Murray, of Utah, having
found them unsupported by the evidence ad-
duced before the committee.

Mr. McElroy invited twenty prominent
ladies to the White House, to meet Mrs. Gen.
Grant at lunch. There were fourteen guests
and four varieties of wines.

TALKING POLITICS.

Meeting of Democratic Young Men
in New York City.

Tariff Reform Discussed—Chicago
Room for Blaine—Payne Not a
Candidate—The June Con-
vention—Items.

NEW YORK, April 7.—The assembly
rooms in the Academy of Music, at Brooklyn,
were given up to the Young Men's Demo-
cratic club of that city. Nearly every Demo-
cratic of local note was present. Among those
from a distant were: United States Senator
Pendleton, who sat at the right of the
chairman, White, On the left was United
States Senator Bayard. With those at the
main table were United States Senator-elect
Blackburn, Congressman Eard and
Slocum, and Andrew McLean,
of Brooklyn. The evening was
given over to the discussion of the tariff.
Fewer gentlemen of this city. Letters
were received from many distinguished Demo-
crats regretting their inability to attend.
Congressman Morrison writes: "We are try-
ing here to make the burdens of the people of
the great state of New York a little lighter,
by removing a little reform. If we fail it
will be because our chosen Democratic
representatives, faithful to the Republican
principles, shut unto with the Republican
protectionists in voting to maintain war
tariff laws."

Speaker Carlisle in his letter writes: "It
was possible for me to do so, it would afford
me great pleasure to meet the Democrats of
Brooklyn, especially at this time, when the
whole country is looking to our party for
some relief from the excessive taxation im-
posed upon the people by the general govern-
ment. You can safely assure our Democratic
friends that a great majority of their repre-
sentatives in congress are determined
to make an earnest and an honest effort
during the present session to inaugurate the
policy of tariff reform, to which
we have been so long committed as a political
party. The time for resolutions and
deductions has passed, and the time for action
has come. They are not to be able at this
time to accomplish all that ought to be done,
but we can do something to give assurance
to the country that we have been sincere in
our profession, and that it is our fixed pur-
pose to reduce and equalize the burden of
taxation as rapidly as circumstances will per-
mit."

Joseph Pulitzer, editor of The New York
World, says: "I am very heartily in favor
of tariff reform, and a decided reduction
of the tariff to stop the reckless collection
of a needless surplus in the treasury."

Ex-Governor English, of Indiana, writes:
"I am in full sympathy with the object of your
meeting."

Horatio Seymour sends wishes for success.
Senator Bayard responded to the toast,
"The Supreme Law of the Land." His speech
was a plea for a closer adherence to the let-
ter of the constitution. He also spoke of the
present tariff as discriminating in favor of
the rich and against the poor.

Senator Pendleton spoke on civil service
reform, declaring that it was a Democratic
principle. Senator-elect Blackburn spoke to
the toast, "War Taxes not for Taxes of
Peace." J. Randolph Tucker, of Virginia,
Congressman Hurd, Morton and Slocum,
and Everett P. Wheeler were also among
the speakers.

Blaine is Their Man.
CHICAGO, April 7.—Two hundred young
Republicans of this city have signed a letter
to the Tribune calling for the nomination of
James G. Blaine for president. They say:
"The enthusiasm of the 'Man from Maine'
cannot be kept down, and he would inspire
to renewed hope the persecuted masses of
freedom of the south struggling under the
heaviest oppression. The invasion of his
name would arouse every man involuntarily
to his best Lukevann Republican
and be fired with impulsive
zeal. Independent voters would be drawn
into the vortex by the avalanche of op-
portunism and the knowledge of his pre-
sistent greatness as a champion of the
people. Business men and scholars would rally to his
support for the preservation of principles and
measures he advocates. The Pacific states
would rise as with one accord and elect him
almost by acclamation. Indiana, Ohio and
New York would be no more classed as
doubtful states. Pennsylvania would delight
to honor her favorite son, and New Jersey,
Ohio, and Virginia and Maryland would
stand before the world redeemed from the
curse of Bourbonism."

Contradiction of a Denial.
WASHINGTON CITY, April 7.—The denial
by Oliver Payne of the statement made on
the authority of Dr. Munford, of The Kansas
City Times, that Senator-elect Payne was
not a candidate for the presidency, he says
is authentic. He says he made the acquaint-
ance of Payne during a trip to Europe, and
that he talked with him and with him a good deal
on politics. After Payne's election as senator,
Munford wrote to Col. Payne inquiring at the
availability of his father as a presidential
candidate, and received a reply to the effect
that Senator Payne could not under any cir-
cumstances be a candidate. A family coun-
cil had been held at which the whole ques-
tion was discussed and the conclusion ar-
rived at that Senator Payne was not able to
undergo the trouble of a presidential cam-
paign. This was the final conclusion in
which Senator Payne fully concurred.

Investigation here fails to find any one who
can vouch for the authenticity of the report
that young Payne had denied the above state-
ment as published in the dispatches a few
days ago. Dr. Munford declares that both
Mr. Eldon and Senator Payne are out of the
presidential race.

CLEVELAND, Ohio, April 7.—A reporter
paid a visit to Senator-elect Payne to ascer-
tain whether he was a candidate for the pre-
sidency. Mr. Payne declined to be inter-
viewed. Upon his attention being called to
recent statements of his son and others in
reference to his position he said: "My son
and I do not hold myself responsible for his
assertions."

National Convention Preparation.
CHICAGO, April 7.—At a meeting of the
sub-committee of the national Republican
committee and the local committee to ar-
range for the meeting of the Republican
national convention it was finally decided
to limit the attendance to about 9,000 and
to give the local committee 1,000 tickets for
distribution in Chicago. Committees were
appointed upon the various subjects con-
nected with the holding of the convention.

Battler's Two Nominations.
WASHINGTON CITY, April 7.—Intimate
friends here of Gen. Butler say that, before
the meeting of the national Democratic con-
vention the general will already be in the
field with two presidential nominations, that
of the Greenbackers and that of the Labor
Reformers. They say that with any other
candidate Mr. Butler this will give him the
balance of power as between the two parties
and throw the election into the hands of re-
presentatives.

The Davenport Election.
DAVENPORT, Iowa, April 7.—The Demo-
crats were completely victorious in the
municipal election here, re-electing Mayor
Clauson and taking four out of six alder-
men, together with the clerk, assessor and
treasurer. The majority will average about

1,500 Right through! This election was at-

tended by considerable excitement, and
the successful candidates were cer-
naded.

Arrested for Election Fraud.

CHICAGO, April 7.—James McCormick has
made an affidavit before Justice Fisher that
Edward O'Brien, Philip Weber and Thomas
Curran, judges of election in the tenth pre-
dict of the Fifth ward, had, on the day of
the election, refused to allow Fred
Homan, and Daniel Donahoe, regularly ap-
pointed challengers to enter the polling booth
of that precinct, that on that day and
during the election they were guilty of fraud,
corruption and partiality; and that they did
willfully refuse to count and return 100
votes cast and deposited in the ballot-box for
Charles Hillock, a candidate for alderman.
But just after April for Burke, appeared
in the canvass. When the case was called a
change of venue was taken to Justice Scully,
and it was continued by him to Saturday
next, in bonds of \$500 each.

Political Items.

NEW YORK, April 7.—George William
Curtis was elected a delegate to the Richmond
county convention. An effort will be made
to send him to the congressional convention,
and thence to Chicago. Curtis says his per-
sonal preference is Edmunds for president,
and he is opposed to instructing delegates to
conventions, as that doctrine converted a
man from delegate into a mere agent.

NEW YORK, April 7.—The state lines have
agreed to carry delegates and visitors to the
Republican and Democratic national con-
ventions in Chicago at one limited fare for
the round trip from principal points in the
state to New York. From New York the
fare will be \$25.00 for the round trip.

ELKHART, Ind., April 7.—A railway car
load of this city's stores that arrived in
the city for the election for president and that
Dunley leads Gallus nearly four to one for
governor.

CHICAGO, April 7.—Hon. John H. Oberly,
chairman of the Illinois Democratic central
committee, thinks the state convention at
Peoria should select a candidate for the
United States senate. He thinks the
conventions will be inaugurated at Cairo
about May 20, and Jefferson clubs will be
organized in each county. Should Carter H.
Harrison be nominated for governor, he will
make a thorough canvass of the state.

The Republicans are certain to nominate
J. H. Russell for congress from the Four-
teenth Illinois district, and Representative
Payson has already secured a majority of
the delegates in the Ninth district.

A FLOODED MINE.

Probably Fatal Accident at Bruid-
wood.

BRANDWOOD, Ill., April 7.—The old shaft
of the Albright-Wilmington Company was
floated Saturday, and the Diamond dis-
aster might have been acted over again had
not the water been drained from the surface
a short time ago. The break occurred
about 300 yards west of the shaft. The
hole was thirty-four feet and about
ten feet deep. Two hundred men were at
work in a shaft at the time. The break was
discovered by a man named Brown, a driver,
who rushed to the surface and reported it.
Superintendent Applewhite went below
and succeeded in reaching the face
where the men were at work,
and gave the alarm. The men
seemed perfectly panic-stricken. They
rushed handily for the cage, and all of them
reached it in safety. It was found, however,
that two men in the further side of the
shaft, worked by Italians, who were inex-
perienced miners, had not been notified, and
it is thought that the five men there are still
in the mine.

LATER.—It is now known that no lives
were lost.

Wreck on the Texas Pacific.

GALVESTON, Tex., April 7.—A wreck on
the Texas Pacific occurred near Elmidae
station. Two freight-cars and the smoke-
stack were derailed. The following list
of the casualties: James H. Evans, Ind.
and Run, Ohio, knee hurt; A. W. McManis,
Paris, Ohio, foot hurt; Clark Lawrence,
Chicago, Ill., bruised hip; Monroe Barry,
El Paso, Tex., bruised hip and chin; J. M.
Fisher, Ohio, wounded in the forehead; J. M.
South, Kansas county, Illinois, scalp wound;
J. W. Powell, New Orleans; J. Mills, Missis-
sippi, hip and scalp wounds; William
Leddy, Fort Worth, Tex., head and jaw
wounds; Fred Tisdler, New Orleans, head
and face hurt; C. P. Barclay, Paris, Tex.,
back and arm hurt; John Altman, Vashita,
Mo., left arm fractured; G. A.
White, Coahoma county, Mississippi, back
hurt; Simon Isaacson, Nashville, Tenn.,
wound in the abdomen; C. H. Bolls,
Bollinger county, Missouri, fractured collar-
bone and scalp wound; E. Straus, Fort
Worth, Tex., fractured collar-bone and
scalp wound; William Smith, Mattoon, Ark.,
lacerated wound of the head; Miss Kittie
Boyd, Atlanta, Ga., wrist and hand hurt;
Washington, Warrington, Va., slight hurt on
the side.

THE QUICK FORTUNES MADE BY INVESTORS IN TELEPHONE STOCKS.

How Faith, Energy and Shrewdness Have Led on to Phenomenal Fortune—Brief Mention of Leading Men.

The fortunes made in connection with the organization and business of the American Bell Telephone company, are numerous and phenomenal. No other enterprise in recent years has given such returns to those who were early investors in its stock. It started but a few short years ago, with its stock selling at a nominal figure, it has risen with such rapidity that men have become millionaires in a comparatively short time.

At the time that William H. Forbess first invested in the telephone, the stock was selling very low—somewhere from \$20 to \$40 per share. "That stock has since been 'watered' by giving the holder of every share seven new shares, and the eight are now worth more than \$150 each, making a rise of from \$20 to \$1,200 or more. Forbess has it that Forbess borrowed or received \$4,000 from his father to put into telephone stocks, and that this was swelled to a larger fortune than ever his father owned. He is credited with being worth from \$5,000,000 to \$10,000,000. He lives in luxury and splendor at Milton.

Three Men Killed.
CLEVELAND, Ohio, April 7.—The boiler of the tug Peter Smith exploded on Lake Erie, about six miles out of the port, causing the death of three lives and the injury of two others and the destruction of the boat. The killed are Capt. Smith, John Perow and James Kadev. The injured are Capt. Tom Deweger, several scalded and badly bruised; Dr. Sullivan, scalded and badly hurt; and John Sullivan, scalded. The cause of the explosion is unknown. The tug was fitted out with new boilers last summer, and was considered one of the safest boats in the service. She had on a double crew at the time of the explosion. She was valued at \$5,000.

Consolidation in Brass.
NORTHAMPTON, Mass., April 7.—The Hayden Brass works and the branch at Lorain, Ohio, have been consolidated. This some of the principal brass works of the country are brought under one management, to regulate the price of the product. The branch at Lorain, Ohio, was owned by the Lorain Brass Works, which also has a magnificent residence in Cambridge. His fortune is variously estimated at from \$3,000,000 to \$5,000,000. Gardner G. Hubbard invested something like \$100,000 in the company, and this money has yielded him a fortune of \$3,000,000. Among those who went into the enterprise in its early days may be mentioned Alexander Cochran and C. P. Bowditch, of Boston, and Thomas Sanders, of Haverhill. Sanders is now worth about \$2,500,000 or \$3,000,000, while Cochran and Bowditch are worth something like \$3,000,000 apiece. O. E. Madden, who is now assistant general manager, came to Boston from New York, where he was acting as manager of the Hayden Brass Works. He has been in the business for many years, and has a large stock of the telephone company, and has used such discretion in this, in all parts of the country, that the success of the company is largely due to his management. He has been very successful in securing such opportunities that he possesses from \$300,000 to \$500,000.

Had Burn in St. Louis.
ST. LOUIS, April 7.—August Galt & Co., lithographers and printers, Pine street, suffered the loss of their magnificent building by fire. The flames started in the engine room and burned through two stories. The Gay building, the highest structure in St. Louis, had a narrow escape. Galt & Co.'s loss on building, press and machinery, the latter the most valuable in the city, will aggregate \$125,000.
